

**Share of BHEL in power generation capacity**

1271. SHRI TAPAN KUMAR SEN:  
SHRI CHITTABRATA MAJUMDAR:

Will the Minister of POWER be pleased to state:

(a) the share of BHEL in power generation capacity added during Eighth, Ninth and Tenth Five Year Plans;

(b) whether there was any shortfall in capacity addition on account of slippage of schedule by BHEL;

(c) if so, the reasons therefor; and

(d) if not, what is the maximum generation capacity, which can be added by BHEL, commensurate with its present production capacity?

THE MINISTER OF POWER (SHRI SUSHIL KUMAR SHINDE): (a) As per information made available by Central Electricity Authority, the share of BHEL in thermal and hydro power generation capacity added during the 8<sup>th</sup>, 9<sup>th</sup> & 10<sup>th</sup> Plan (till date) are given below:

*Power Projects*

Plan	Total capacity added (MW)	Share of BHEL (MW)	BHEL share in percentage(%)
8 <sup>th</sup> Plan	15982.9	7648.90	48%
9 <sup>th</sup> Plan	18238.9	10566.10	58%
10 <sup>th</sup> Plan*	16563.24	10976.64	66%

Capacity addition (excluding nuclear segment) as on 30<sup>th</sup> November, 2006

(b) to (d) Central Electricity Authority has reported that a number of 10<sup>th</sup> plan Power Projects being executed by BHEL are missing the contractual date of commissioning by a few months due to delays in critical supplies by BHEL.

BHEL at present has manufacturing capacity of 6000 MW per annum and is being expanded to 10,000 MW per annum by Dec., 2007.
